

# RGE 400

## Total comfort

A total capacity of 7.9 cu.ft. with a separate frozen food compartment of 1.7 cu.ft. offer you maximum storage capacity.

- Runs on gas and electricity
- Rust-proof, wire-grill adjustable shelves
- Inner door with 4 adjustable racks
- Bottom rack for 2-litre bottles with magic fingers
- Interior lighting
- Interchangeable door hang
- Easy-to-hold door handle
- Control panel with fuel selector, combined electric and gas thermostat, piezo igniter and flame safety valve
- 120Volts (60 Hz)
- Choice of White or Bisque

## Cool comfort everywhere

The Dual Energy Refrigerators from Dometic can be used wherever you want. They work with electricity when there is an outlet nearby, or with bottled gas if electricity is not available. This double energy supply is only possible because of Dometic's unique Absorption System, developed more than 80 years ago and continuously improved ever since.

*Thanks to an easy-to-hold handle, the doors open and close firmly at a touch.*

*Generous bottle racks inside the door with patented "magic fingers" prevent bottles from moving.*

*Interior battery lighting ensures a good view even in the dark of the night.*

## Specifications

MODEL NO.	RGE 400
COLOR OPTIONS	White/Bisque
CAPACITY	
- Refrigerator	6.2 cu.ft.
- Freezer	1.7 cu.ft.
NET WEIGHT	167 lbs.
